Welcome from the Chair of ACPIN

Dear Potential Exhibitors and Sponsors,

We are proud to announce the outline of the ACPIN Conference 2026, which is returning to Heathrow, this time to the eco-friendly London Heathrow Marriott Hotel's impressive newly renovated event space from Wednesday 13th to Friday 15th May 2026.

The conference theme **"Revolutionising Recovery: Advocating for the Future of Neurological Rehabilitation"** sets out a bold and ambitious vision for transformative change across neurorehabilitation.

Clinically, it champions innovation in personalised, evidence-informed care that responds to individuals' changing needs.

In **research**, it promotes inclusive, collaborative approaches that address real-world priorities and close the gap between discovery and practice.

At a **policy level**, it highlights the urgent need for investment, integration, and equitable access to services.

It raises the voices of professionals and communities calling for systemic change, and crucially, it **places lived experience at the centre** - recognising that those most affected by neurological conditions must lead the way in shaping a more compassionate, just, and effective rehabilitation landscape. This theme will inspire participants to actively engage in the conference, sharing their expertise, exploring new advancements, and collaborating with like-minded professionals to make significant strides in the field of neurophysiotherapy.

It sets a strong tone for the event, encouraging attendees to embrace the challenges and opportunities ahead and work collectively to drive progress and elevate the standard of care in neurophysiotherapy.

The conference is aimed at physiotherapists working in neurology whether it be in hospitals, private practice, community settings or universities. As with all our events, we will bring everyone together to share their knowledge, and network, and contribute to improving the lives and outcomes of people living with neurological conditions.

On behalf of the ACPIN team, we look forward to welcoming you to London in May 2026.

Kind regards,
Adine Adonis
Chair

About ACPIN

The Association of Chartered Physiotherapists in Neurology is one of the largest Professional Networks recognised by the Chartered Society of Physiotherapy. The charity is concerned with all aspects of physiotherapy related to the needs of neurologically impaired adults and their relatives and carers.

ACPIN is a dynamic and proactive group. Its function is to encourage the pursuit of excellence in the field of neurological physiotherapy practice. If you are interested in finding out more about ACPIN, please contact us via email: membership-support@acpin.net or visit our website: www.acpin.net.

In September 2018, ACPIN was granted charitable status.
Our registered charity number is 1180086.

Why exhibit at, or sponsor, the ACPIN International Conference 2026?

We are committed to delivering conferences of the highest quality for our members, whilst remaining mindful of the pressures that they face in their daily lives. Our return to Heathrow for 2026, this time to an innovative and sustainable venue, ensures that the event is accessible for members, as the pricing for delegates to attend has been a key consideration. We are also launching some exciting new features to ensure that they are getting what they really want from the event in terms of latest research, shared knowledge, networking, and – of course – visibility of products and services available to the market from exhibitors and sponsors alike.

2026 and beyond!

We have also been busy planning ahead and are pleased to announce that the location for our 2028 conference will be the Mercure London Earls Court, with a capacity of 500+ delegates.

Preferential rates for ACPIN 2028 will be offered to those who join us in 2026. Our aim is to continue to build our long-term relationships with previous exhibitors and sponsors, as well as offering opportunities for companies new to ACPIN who are keen to promote their products and services over a two-day international conference. We believe that our exhibitor packages and additional sponsorship opportunities on offer represent excellent value for money. Please see overleaf for full details.
